

Leading Parent Partnership update BC Novemeber '08

With the help of Darryl Brock and our two mentors (Parent Involvement Officer away ill), we have completed the initial audit. This was then sent away to Bradford last half term. We are presently awaiting Claire Myers from the Education Authority getting in touch to make a date to visit school.

Following her visit we will be able to prepare an action plan, and have a clearer idea of our route through to the award.

The entrance area is already looking much more inviting and welcoming to parents and visitors - thanks to our mentors. This was a spin off from some questions asked of us during the initial audit. Some improvement already before we begin! BC
