Signed.....

Position: Chair of Curriculum Committee

This policy will be reviewed in Summer 2019

Heaton St. Barnabas C.E Primary School
Force and Restraint Policy

The Governors of Heaton St. Barnabas CE Primary school have drawn up this policy to ensure the correct implementation of DfEE circular 10/98, relating to section 550A of the 1996 Education act, 'The Use of Force to Control or Restrain Pupils.'

This policy, which forms part of our whole school Discipline & Behaviour policy, must be adhered to by all members of staff.

AIM:

The aim of this policy is to identify what forms of physical contact are allowed, to make all staff aware of the circumstances in which physical intervention might be appropriate and to identify factors that staff should bear in mind when deciding whether to use physical force. It also serves as a mechanism for informing parents of the legal situation surrounding the use of force in school.

RATIONALE

The school does not authorise, in any way, the use of corporal punishment to discipline children. As section 550A states 'The law forbids a teacher to use any degree of physical contact which is deliberately intended to punish a pupil, or which is primarily intended to cause pain, injury or humiliation.'

Authorised use of force.

Wherever possible, staff should attempt to use 'verbal' strategies for dealing with difficult situations. There are however certain instances when the use of physical force may be the only option to ensure the safety of both individual or groups of pupils, or to maintain discipline and behaviour. Section 550A allows teachers and other persons who are authorised by the head teacher to use such force as is reasonable to prevent a pupil from doing, or continuing to do, any of the following:

- Committing a criminal offence.
- Injuring themselves or others.
- Causing damage to property - including the pupils' own property
- Engaging in any behaviour prejudicial to maintaining good order and discipline, either on school premises or on an educational visit.

To be consistent with our Discipline & Behaviour policy, all members of staff are authorised by the head teacher and Governors to use reasonable force under the above circumstances. Parents and voluntary helpers who may be helping either in school or on educational visits, must only use reasonable force in situations where there is a significant risk of injury either to an individual child, other children or themselves.

Physical force is not justified to prevent a trivial misdemeanour, or in a situation that could be resolved without force.

Reasonable force.

There is no legal definition of reasonable force, so it is not possible to set out conclusively when staff are justified in using force or the degree of force that should be applied. However, any force used should always be the minimum needed to achieve the desired result and should also be in relation to the age and physical size of the pupil.

Application of Force

Once again it is impossible to establish set rules regarding what type of contact is justified in different situations, however the following are the types of contact that are warranted, subject to the principle of reasonable force being used.

- Physically intervening between pupils who may be fighting
- Blocking the path of a pupil who may be about to commit a criminal offence
- Holding a pupil by the upper arm using a '**Friendly C**'* if they are in physical danger or are causing severe disruption
- Leading a pupil away from a conflict situation by holding the hand or using a '**Friendly Hold**'*
- Shepherding a pupil away by placing a hand in the centre of the back

Under no circumstances should staff or authorised personnel act in a way that might deliberately cause injury, for example by:

- Holding a pupil by the neck, collar or any other way that might restrict breathing
- Slapping, punching or kicking a pupil
- Twisting or forcing limbs against a joint
- Tripping up a pupil
- Holding a pupil by the hair or ear
- Holding a pupil face down on the ground

Recording incidents

It is important that staff immediately report any incident of physical contact that takes place between themselves and a pupil, to the Head teacher or most senior member of staff in school at the time. This should be followed by completing a full report of the incident, using the proforma in appendix a. Parents will also be informed of any incident involving their child and will be given an opportunity to discuss the incident at the earliest possible convenience.

Physical contact with pupils in other circumstances

There are inevitably some other occasions when physical contact with children is necessary. In particular, physical contact may be necessary during P.E or D.T lessons, or if a member of staff has to give First aid. All staff should be aware of the possible mis-interpretation of actions such as this, so wherever possible any such contact should only be used where another member of staff is present, or the contact made in such a way that it cannot not be misinterpreted. Staff should be particularly aware of cultural and gender issues around physical contact.

Please also see: Child Protection policy for further guidance.

- ***Friendly Hold – Link arms with the pupil and both people's elbows should be bent, adult holding the lower arm**
- ***Friendly C – Adult shaping their hand in a C shape holding the upper arm without gripping ie keeping the fingers straight**

When there has been a need to physically restrain a child, staff who have been team teach trained will assist and take over. They will adopt all the strategies trained to follow in such an incident and do their best to calm and defuse the situation as quickly as possible. Once the child is calm and safe the staff will complete a team teach form recording the incident and restraint techniques used. This will be signed and reported to a member of the SLT to file.

In any situation where a child had violently hit a member of staff in the process the staff member must record this on a violence towards staff official form and return to SLT to forward onto the local authority within 5 working days.

As part of the schools Ethos and commitment to the safety and well-being of our pupils we will always endeavour to implement the school's successful behaviour strategies to deal with issues and incidents. Positive handling of children and de-escalation of issues is the priority and restraint will only follow when all other strategies have been adopted.
