

Topic

Children will be learning all about the Victorians. They will be looking at the lives of different Victorians and the significance they had on how we live today.

Art

Children will be creating various portraits linked to our topic. We will also be creating smog pictures using charcoal.

Maths

We will be focusing on multiples, factors, prime numbers and square numbers, consolidating our understanding and applying this in a range

ICT

We will be refining our presentational skills using powerpoint and other software and learning how to include photographs, moving animation and soundbites.

RE

As Christmas approaches we will be asking the question *What kind of King was Jesus?* We will be finding evidence from the Bible to help us discuss this question.

English

We will begin by writing short pieces linked with our topic, focusing on dialogue and character action. We will then be writing historical diaries from the perspective of a Victorian child.

Science

Circuits & Symbols: We will be learning about the various scientific symbols and how to draw a circuit using the correct symbols.

We will also be creating circuits using more than one component.

Vile Victorians
