

## Topic

This term we will begin to find out about our home city of Bradford. We will be learning where it is located in the United Kingdom, its geographical features, its industrial heritage and about the communities who live here. This topic will continue into next term.

## Maths

This term, we will be learning to add and subtract decimal numbers within 1 and crossing a whole, add and subtract wholes and decimals, decimal sequences and how to multiply and divide decimals by 10, 100 or 1000.

## ICT

We will use Google Sites to create a website with text, graphics and sound to show our learning about Bradford.

## PE

In PE, we will be doing Athletics and Netball. Some year 5 pupils will have additional swimming sessions on Mondays.

# Bradford and Beyond

## TRIPS & EVENTS

**24th –28th June STEM week**

**28th June OBON day**

## English

We will be writing newspaper reports this term and learning how to use the passive voice and recognise formal and informal language. In Reading, we will be learning to identify the difference between fact and opinion, and presenting and justifying our personal opinions on texts.

## Science

We will continue to learn about Forces and Mechanisms. We will investigate balanced/unbalanced forces, gravity, friction and the use of levers, gears and pulleys.

## RE

This half term we will be learning about Islam and what it means to have an Islamic faith.

## Art and Music

We will look at impressionistic and realistic images of Bradford and Yorkshire and create colour palettes. We will create cityscape and landscape paintings of local area scenes.

In Music we will develop our composition skills to complete our film soundtracks.
