

Dear Year 3,

We hope you are all keeping safe and well and not driving your parents round the bend!

We've set out some work for you to do next week, it's really helped us to get into a routine so we think this might be good for you as well.

9 – 9.30 has to be the Joe Wicks PE lesson. Monday to Friday at 9am on his YouTube channel. Don't worry if you miss it live as you can tune in anytime. (I'm doing it every day in my living room so give me a shout out if you're joining in! – Mrs Starkey)

Reading

<https://www.youtube.com/watch?v=cF1o8OJzjuA>

Read a chapter of Anne Fine's "The Diary of a Killer Cat" – you can follow it on screen as it is being read to you.

The link takes you to chapter 1....simply google YouTube The diary of a killer cat for the next chapters. There are 7 chapters so it should keep you going for a while.

Writing

Alongside reading The diary of a Killer Cat we thought you could write your own diary....you don't have to be a cat, you could be any animal you chose to be. We wonder how inventive you could be....dog, rabbit, woolly mammoth, stegosaurus.....

Just remember to write an entry in your diary every day once you've listened to the story.

Spellings

Follow the Twinkl link from the school's web site and find Year 3 spellings Term 2A Week 4. There's lots of activities to keep you going including some handwriting practise.

Maths

Follow the link on the school's web site for White Rose. If you haven't done any of the lessons yet start at week 1....you'll need to follow the lessons in order, just like we do at school.

Also lots of times table practise....TT rock stars and hit the button are both great. A little bit each day would really help you master those times tables. Why not create your own times table game? You could email us the rules and we can try it out ourselves.

Topic

As we hadn't done very much work on our Roman topic we thought you could get researching.....

This week see how much you can find out about Roman armour and make yourself a fact file with writing, images and illustrations. We'd like you to become Roman armour experts by the end of the week.

Art

Create your own set of armour using whatever you can find at home. Photos of you wearing your armour would be fantastic.

Music

This website gives you a song a day....maybe you could encourage the whole family to join in.

Remember to have some playtime as well.....if you have a garden go and enjoy it. If not, you can still go out for a walk or bike ride each day with your family.

Have a good week.

Mrs Starkey, Mr Collins and Miss Juneja.
