

ENGLISH

The children will read *The Canal* and write descriptions and narratives based on the story.

We will then write Cinquain and Haiku poems.

Alongside our English topics, we will continue to focus on our grammar, punctuation, spelling and handwriting skills.

PE

Our first half term will focus on gymnastics, developing the children's flexibility and technique.

PSHE

We will be looking at the key ideas of: 'How can I be a good friend?' and 'What are families like?'

MATHS

In our first half term, we will be consolidating and extending the skills of addition and subtraction (up to 3 digits with exchanging). We will also be looking at place value, ordering and comparing numbers up to 1000.

On Our Doorstep

SCIENCE /DT

In Science, the theme of plant life-cycles will be covered across the year so that the children can understand how plants change in different seasons.

We will learn about Light, how it travels and the materials that reflect light.

The theme of Light will link with electrical circuits in Design & Technology.

Geography/ History

In Geography we will be looking at the local area using maps (including understanding compass points) and looking at where the UK is within Europe.

In History, we will study Lord Masham and look at the importance of Bradford to the wool industry during the 19th century.

RE

In RE we will be learning about what it means to be a Hindu in Britain today.

ART / MUSIC

We will be researching local artists and using paint to create art inspired by local artists.

In Music, we shall be composing different pieces of music and will begin to learn how to play a musical instrument.

ICT

We will use our ICT skills to help us to research our local area and learn about keeping ourselves safe on the internet.

EVENTS

Parent information meetings Wednesday 16th September 2020 in the school hall.
