PSHE – Democracy

Democracy is one of the British Values. For your blended learning lesson this Friday we would like you to follow on from our discussion in class on Democracy. If you would like to read through the powerpoint again it is in our home learning links area for this week.

Choose **one** of the following activities:

Parliament and MPs: Find out more about Parliament/the Prime Minister/our local MP using the internet to research (there is a link on the powerpoint to find out more about your local MP). Present your findings in the form of a poster or powerpoint presentation or other creative way.

Democracy: Use the powerpoint to help you understand more about democracy. List the reasons why democracy is a good thing (worksheet attached if you would like to complete this option).

What would you like to change? What do you feel strongly about? Litter in our local area, homelessness, graffiti, people not having enough to eat? Choose the area you feel most strongly about – What is the problem? What would you like to change? How would you change it? Present this as a piece of writing or a short video. A worksheet is attached if you would like to complete this task – you could use it to plan what you are going to say on video or to write on.

We would like everyone to return a piece of work to us at school on this. This could be a piece of writing or a poster (which we will quarantine). Alternatively you could send us a photograph of your work, video or powerpoint via email.

We look forward to seeing your work!

Democracy

Democracy means:

Democracy comes from the words:

Democracy is a good thing because:

1.

2.

3.

4.

5.

I think democracy is important because.....

What would you like to change? What do you feel strongly about? Litter in our local area, homelessness, graffiti, people not having enough to eat? Choose the area you feel most strongly about – What is the problem? What would you like to change? How would you change it? What would you like others to do to solve the problem? Present this as a piece of writing or a short video. A worksheet is attached if you would like to complete this task – you could use it to plan what you are going to say on video or to write on.

An issue I feel strongly about is.....

What is the problem?

What would you like to change?

How would you change it?

What would you like others to do to solve the problem?
