

Red Challenge

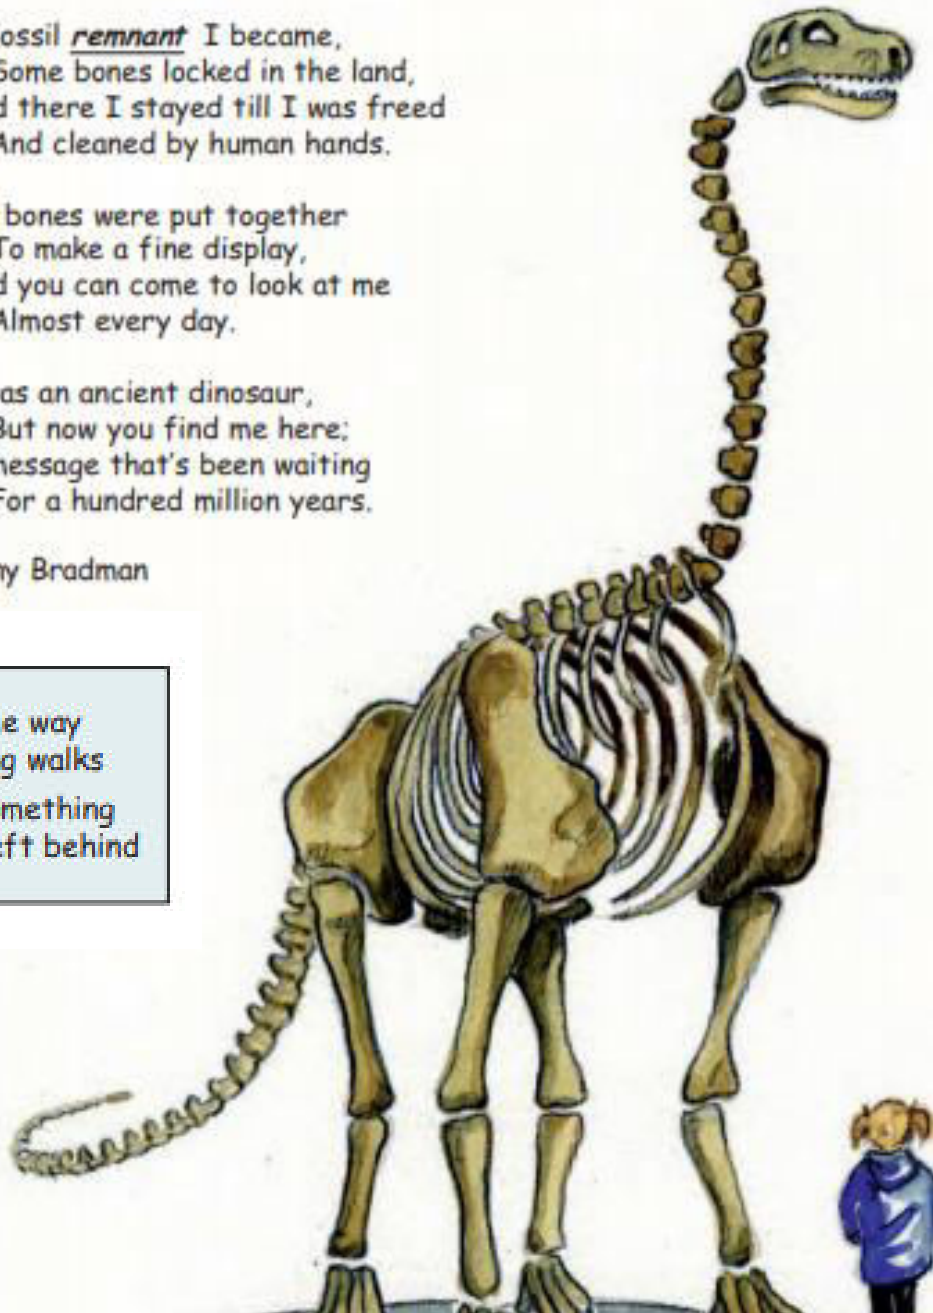

I was a meal for others
As the skin fell from my bones ...
A hundred million years went by.
My bones turned into stone.

A fossil remnant I became,
Some bones locked in the land,
And there I stayed till I was freed
And cleaned by human hands.

My bones were put together
To make a fine display,
And you can come to look at me
Almost every day.

I was an ancient dinosaur,
But now you find me here;
A message that's been waiting
For a hundred million years.
