

EY Resource

Listen to the children who all feel strongly about different things. Do you agree with them or disagree with them? Why? Do we all feel the same? Can you think of anything else you feel strongly about?

I think when people take their dogs for a walk they should always be on a lead, because I don't like dogs and I don't like them coming anywhere near me.

Snacks at school are always healthy but I think we should be able to decide what we have for snack. I'd like a chocolate biscuit every day!

I love watching television and I think I should be able to watch as many programmes as I like but I get told to turn it off!

I think everyone should be able to choose what they wear when they go outside. If it's cold, I have to wear a coat but sometimes I really don't want to!
