

- 1) Draw a line to match the shape to the description:

Caroline

My shape has more than double the number of right angles that Akeem's shape has.

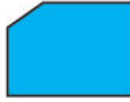

Akeem

My shape has three right angles.

Harvey

My shape has fewer right angles than Caroline's.

- 2) Draw a **picture** with exactly 20 right angles. Use squared paper to help.

- 1) Draw a line to match the shape to the description:
