

### English

This half term we will be looking at the picture book 'Flotsam'. As we explore the book we will be writing adventure stories and being as creative as possible.

We are also going to practise our reading strategies by continuing to look at a variety of different texts in guided reading.

### Science

This half term we are going to be learning about the food chain, and how animals are adapted for living under the sea.

We will also cover experiments as we find out what effects salt water has on every day objects.

### Geography/ History

We are going to spend time consolidating our knowledge of the symbols on UK maps, as well as learning all about the Caribbean. We will use the things we have learned along with our research from ICT to create a whole research project all about the Caribbean.

### PSHE / SMSC

We will be focusing on the theme: 'Taking care of the world' in PSHE as we look at the effects humans can have on our planet; both positive and negative.

We are continuously thinking about our SMSC adjectives and this half term we will learn more about diversity.

### Maths

This half term we will be covering measurement in our Maths lessons including time, mass and capacity, length and height. We will continue to practise our 2x, 5x and 10x table and most of us are moving on to our 3x table this half term.

### RE

In RE we are learning about what makes some places sacred. We will be covering places of worship from a variety of religions such as Christianity, Islam, Sikhism, Judaism and Hinduism.

### Art /Design / Music

We will be trying our hand at sewing this half term as we create a patchwork sail. We are also going to be creating a shoebox biome to depict a scene from under the sea.

### ICT

In ICT this half term we are going to use the internet for research as we research for our own projects about the Caribbean.

# A Pirate Adventure!
