

Week 3

WALT:

Describe and understand key aspects of physical geography including rivers

Use an atlas

WILF:

Red: Locate 4 rivers on a world map

Yellow: Locate the hemisphere, continent and country of these 4 rivers

Green: Research additional information about these 4 rivers

Where are the world's rivers?

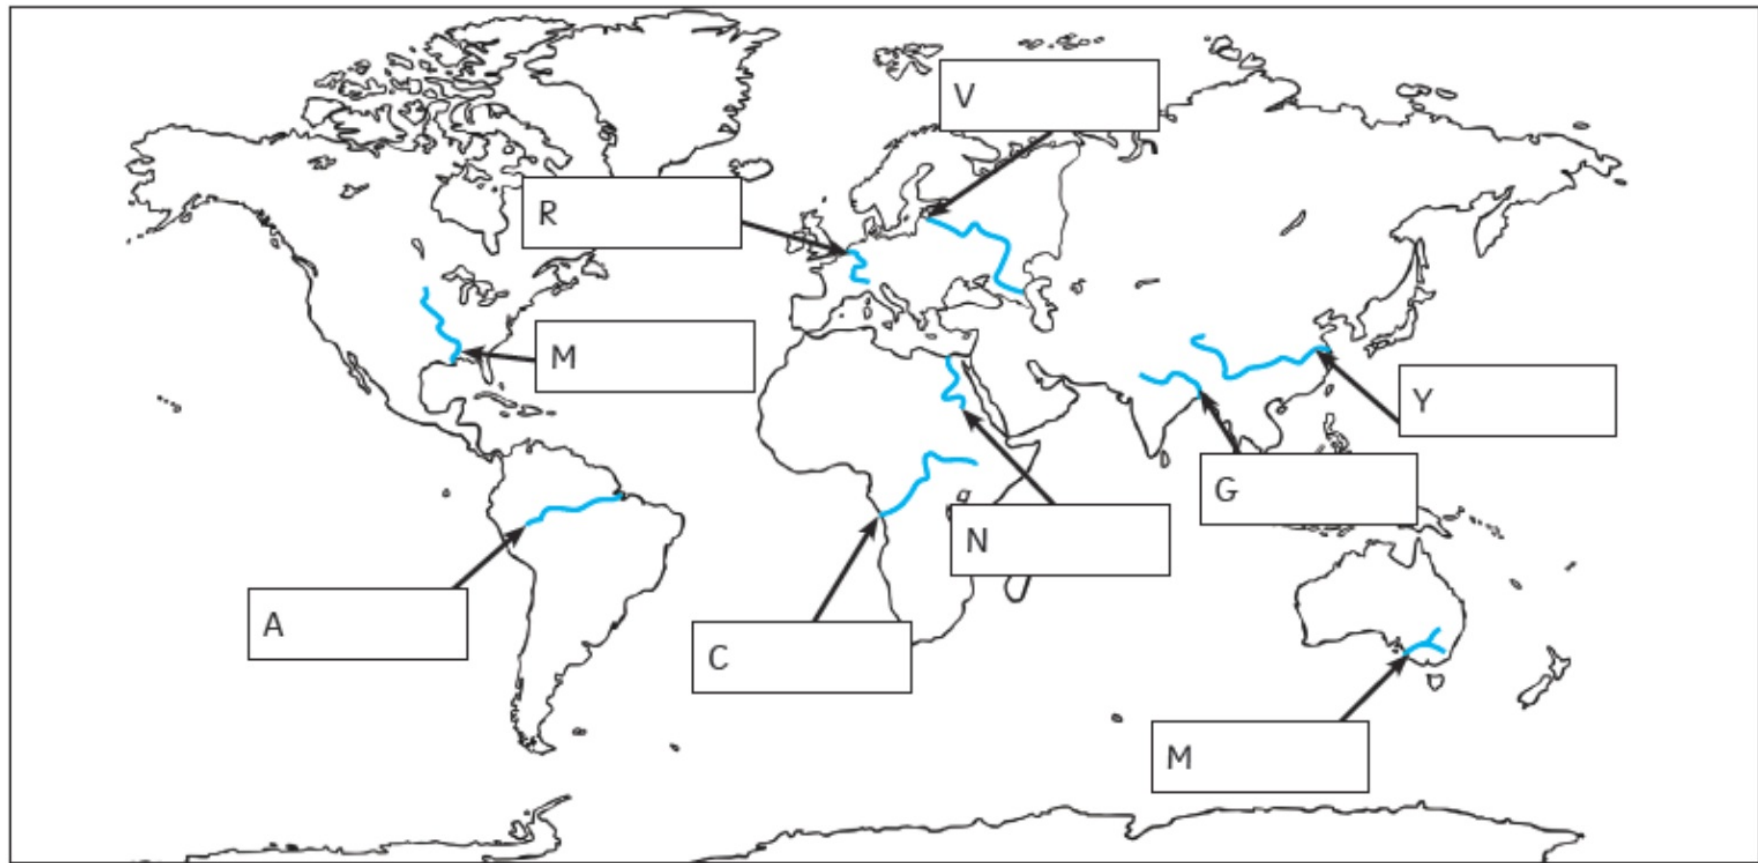

Does anyone know the names of any rivers?

Use the atlas and see if you can find any of the world's rivers.

Oak academy video - work through

<https://classroom.thenational.academy/lessons/where-are-the-worlds-rivers-6dh32d>

Use your atlas to locate and name the rivers

Challenges

Red

Find the rivers in your atlas and name them on your map

Yellow

Find out which countries or states these rivers flow through, which continents they are in and which hemisphere.

Mark these on your map.

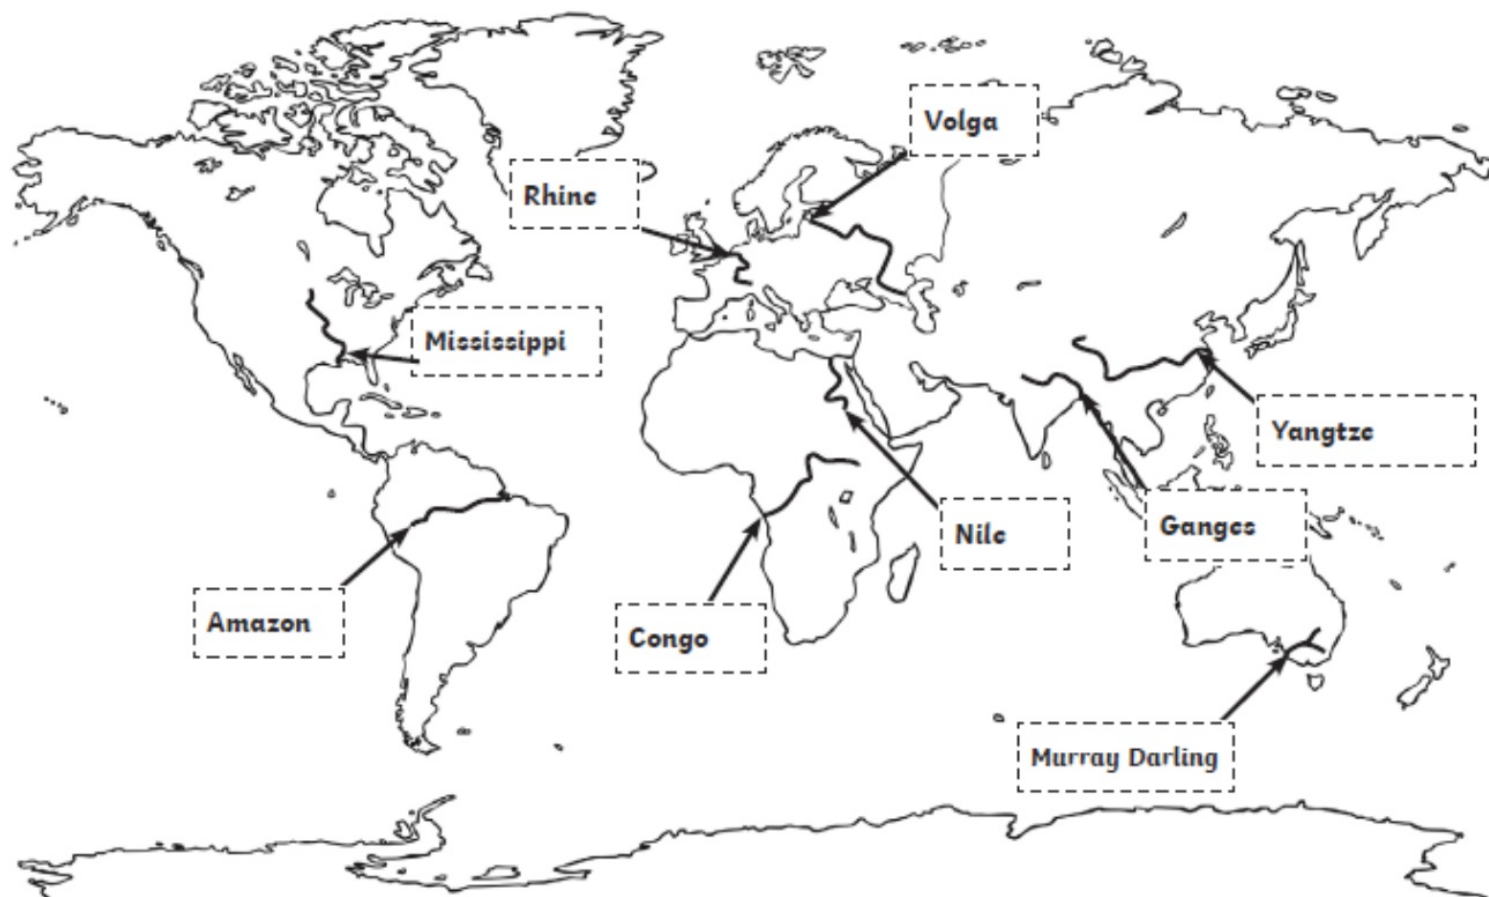

Green

Use digimaps to find photos of these rivers.

Research some facts.

Add this to the back of your map.

World Map Rivers Answers

Plenary

Share with your partner what you now know about rivers that you didn't know at the start of the lesson.
