

Table activity

Match vocabulary from last week to its meaning

Put actions to each word

Week 5 and 6

WALT:

Describe and understand key aspects of physical geography, including rivers

Recognise the journey of a river

The children didn't complete this in school so we're carrying on for this week.

At home, you could draw your own picture and add some descriptions about the journey of the river.

Watch video - keep stopping and make notes on key aspects

The journey of a river

Group activity

Your task is to produce a large picture of the journey of the river

You can use any of the material we have in the classroom

You need to add relevant vocabulary to your picture as well as important information

You will present your work to another group at the end of the lesson

Plenary

View each group's work and leave them a message about what you liked about their work

Post it note

Write down 3 things you now know about the journey of a river that you didn't know at the start of the lesson
