

## Tuesday Green Challenge

Draw arrows to estimate where the numbers should be placed on each number line.

a) 1.5

b) 2.9

c) 5.2 and 8.9

- a) The jumps on the number line are in multiples of tenths.  
The first number has three tenths. The last number has five ones.  
What are the missing numbers?

## Friday Green Challenge

Draw arrows to estimate where the numbers should be placed on each number line.

a) 1.5

b) 2.9

c) 5.2 and 8.9

- a) The jumps on the number line are in multiples of tenths.  
The first number has three tenths. The last number has five ones.  
What are the missing numbers?
