WALT	<b>Plan a simple fair test and predict what might happen.</b>	SM	PM	TM
B	With support I can work as a class to plan a fair test. I can name different materials and say which one I think will work best.			
R	I can work as a class to plan a fair test. I can name different materials and talk about which one I think will be better at soaking up water.			
Y	I can work as a class to plan a fair test. I can discuss observations about materials and why they might be better used for a job than others.			
G	I can plan a fair test. I can make observations about materials and compare their suitability.
