

1 minute to explain what is happening in the picture

Week 6

WALT

Describe and understand key aspects of physical geography including the water cycle

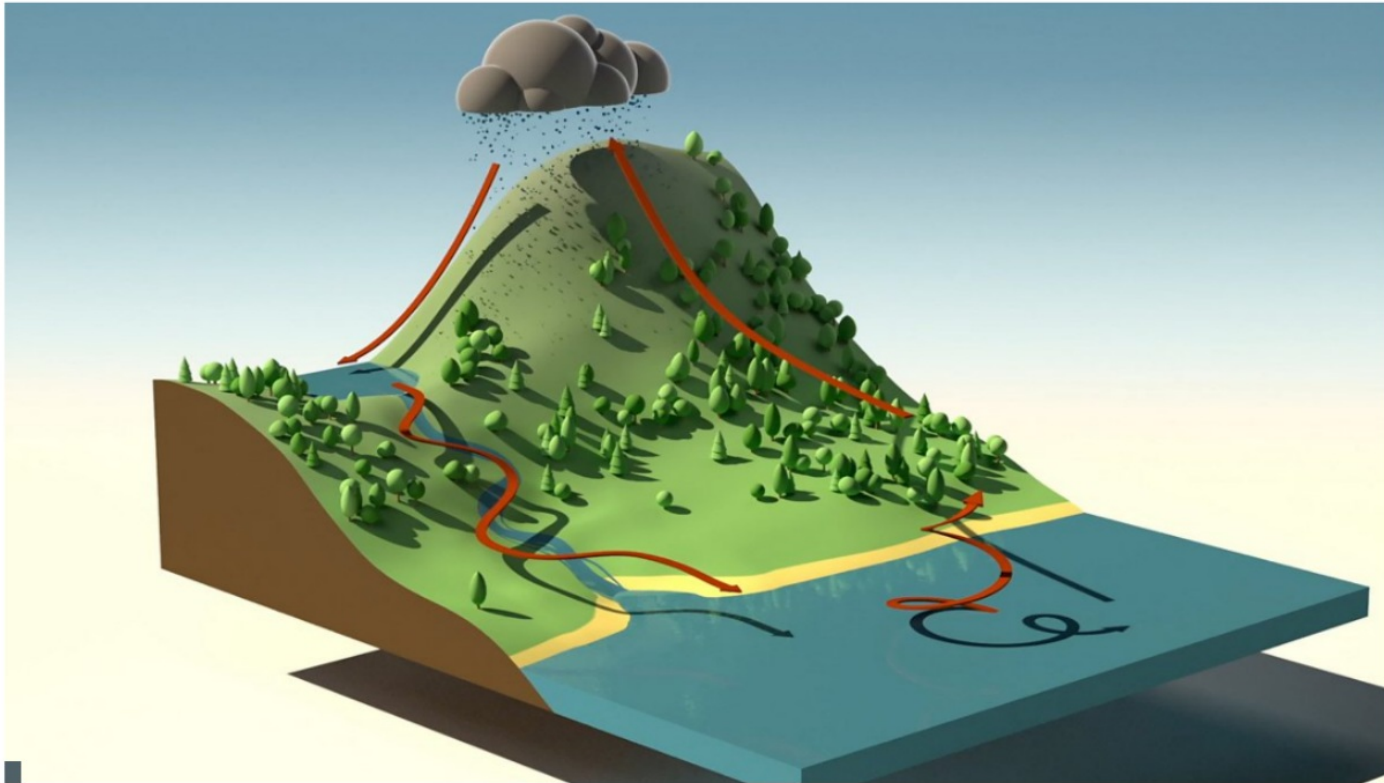

WILF:

Red - with support, produce a presentation that describes the water cycle

Yellow - Produce a presentation that describes the water cycle

Green - Explain how the water cycle has an impact on rivers

Looking at the diagram.....can you explain the water cycle?

Now watch the video

What do you now know about the water cycle?

Let's put some actions into the water cycle.....

<https://www.youtube.com/watch?app=desktop&v=KM-59ljA4Bs>

Activity

Work in groups of 3 or 4 to produce a presentation explaining the water cycle

It can be.....

- a poem
- a song
- a dance
- drama
- a picture
- a diagram

By the end of the activity you will need to present what you have done to another group

Question in the big book

Would there be rivers if there was no water cycle?
