

**Wednesday
Green
Challenge**

Write fractions to make the statements correct.

$$\square \text{ of } 36 < 18 \quad \square \text{ of } 36 = 18 \quad \square \text{ of } 36 > 18$$

How many different answers can you find for each?

Write fractions to make the statements correct.

$$\square \text{ of } 36 < 18 \quad \square \text{ of } 36 = 18 \quad \square \text{ of } 36 > 18$$

How many different answers can you find for each?

**Wednesday
Green Challenge**
