

History

In History, we will study the Ancient Greek civilisation and reflect on how it shaped the world we live in today.

Science

In Science we will be learning how to classify and sort living things into groups according to their physical features, diet and habitats. We will learn about microorganisms and how these can be beneficial or harmful.

RE

Our RE topic this half term is Salvation. We will learn what this word means to Christians, how it is represented in the Bible and how it links to Easter.

ICT

In Computing, we will begin to use the programming language, Python, to create simple processes and games. We will also create and edit short films related to our History topic. In e-safety, we will continue evaluating games, websites and social media suitable for Year 6.

Extreme Earth

English

Our writing purpose will be Writing to Entertain. We will write short fiction texts that include characterisation and dialogue. We will learn how to punctuate direct speech. We will use well-known fairy tales and *The Firework Maker's Daughter* as our starting points.

Maths

We will learn how to calculate the area of rectangles, triangles and parallelograms. We will move on to learn about volume, parts of a circle, calculating ratio and scale factors.

Art

In Art, we will use printing skills to create abstract images of volcanoes. We will use pastel techniques to recreate Ancient Greek images, and clay and paint techniques to create our own Ancient Greek

Music and Spanish

In Music, we will continue learning how to play the ukulele.

In Spanish, we will learn how to talk about popular sports. We will also learn how to talk about the Ancient Greek Olympic games in Spanish!

IMPORTANT DATES
